

Cape Cornwall School

Dream · Believe · Persevere · Achieve

SUPER SATURDAY

Years 4, 5 & 6

Saturday 14th March 2020

10.00 - 12.30

More details available from: enquiries@cape.cornwall.sch.uk

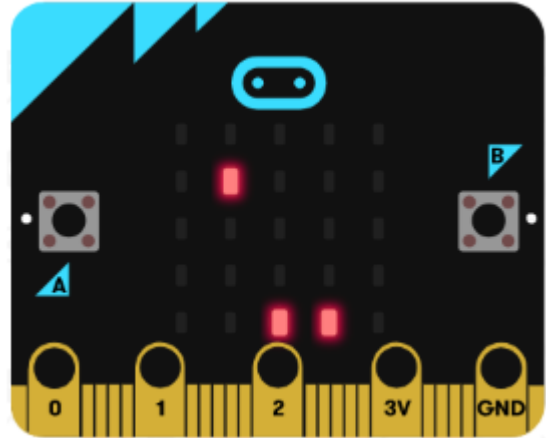

Micro:bit Games

Using the micro:bit computers we will make a variety of games using some simple scratch like coding. The games you could build include:

Rock Paper Scissors

Reaction Time

Crashy Bird

For more advanced users you can try to create the retro game Pong and Whack-a-Mole!

You don't need any previous coding or computer experience.

Secret Life of Owls

Ever wondered what an owl eats, we are offering an immersive experience on the 'Secret Life of Owls'.

Students will have an introduction to the ecology, physiology and behaviour of Owls, including a rare opportunity to dissect owl pellets, you will be able to identify tiny bones from the owls meal, learn about their diet and place in the food web.

THE GREAT CAPE BAKE OFF

Develop your practical skills to compete in the Great Cape mini bake off - who will produce the most creative bake? (15 spaces available)

SATURDAY 14th MARCH 2020

SPORTY MATHS

Sign up for this fun and active session which combines Sport and Maths.

You'll look at ways of how Maths is used in Sport and then put some of these to the test! Find out how fast you can run and your shot accuracy in both football and netball.

WRITE AND RECORD A HIT SINGLE

You will learn the fundamentals of song writing and composing and use this to create an original piece of music which we will record and put on a CD for you to take home. You can pick which genre of music to work with. Eg Drum and Bass, Hip Hop/Rap, RnB, Rock, Classical, and literally any others. You will be able to use all the resources we have in our music department (including industry standard recording equipment). You can work as a group or create music as a solo composer, all with the guidance of our experience music teacher and professional musician Mr Addy.

DEVELOP YOUR CREATIVITY & MAKING SKILLS IN THE D&T WORKSHOP

Students will learn to use different tools & equipment through hands on practical work. (Maximum number 15 students)
